GB British Passport Holder | Available for immediate UK relocation | 1 month notice period

Dynamic non-profit leader with a track record of advocating for excellence, partnership, and sustainability in New Zealand's rare disease, disability, mental health and home and community health sectors. Skilled at strategic planning, stakeholder engagement, governance, and building resilient, equity-focused organisations.

Accomplished CEO and rare disease advocacy leader with over a decade of experience building patient communities, influencing policy, and driving measurable change across health systems. Proven expertise in political advocacy, stakeholder engagement, digital community strategy, and organisational transformation, with a focus on amplifying patient and whānau voices.

As Chief Executive of Rare Disorders NZ, led national advocacy that secured government commitment to New Zealand's first-ever Rare Disorders Strategy, while increasing patient network engagement by 180%. Currently Chief Executive of the Home and Community Health Association (HCHA), delivering a **750% increase in ministerial engagement** in the first year, significantly raising the sector's profile and influence.

International Recognition: United Nations speaker alongside former NZ Prime Minister Rt Hon Helen Clark, Board Member of Asia Pacific Alliance of Rare Disease Organisations (APARDO), and regular keynote speaker at prominent global health conferences.

CORE COMPETENCIES

Patient & Community Engagement Strategy • Culture Change & Transformation • Impact Measurement & Evaluation • Digital Engagement & Innovation • Cross-Sector Relationship Building • Stakeholder Alignment & Facilitation • Patient Voice Amplification • Strategic Communications & Media • Inclusive Leadership & Cultural Competency • Policy Advocacy & Government Relations

PROFESSIONAL EXPERIENCE

CEO | Home and Community Health Association (HCHA)

January 2024 - Current

Leading engagement and advocacy strategy for over 40 member organisations who deliver community care to over 110,000+ New Zealanders with 26,000 care and support workers.

Key Metrics: 750% increase in ministerial meetings in first year • 40+ member organisations • 110,000+ New Zealanders served • 26,000 care and support workers

Engagement & Culture Leadership

- Designed comprehensive stakeholder engagement strategy connecting providers, patients, and policymakers across community health sector
- Implemented culture change initiatives increasing membership and engagement through enhanced communication and collaboration frameworks
- Developed measurement tools for annual reporting to track service quality outcomes
- Created cross-sector dialogue forums facilitating knowledge sharing and best practice
- Advocated for strategic partnership frameworks with Ministry of Health, ensuring patient voice remains central to policy development

CEO | Hereditary Angioedema (HAE) Australasia

2022 - 2023

Trans-Tasman patient engagement and advocacy leadership for rare immune disorder community. Pioneered innovative patient engagement strategies and digital storytelling to transform understanding and policy response to rare diseases.

Digital Impact: 100,000+ video views • Patient journey video series • Policy influence achieved

Digital Engagement Innovation

- Developed award-winning patient journey video series as powerful engagement tool, generating 100,000+ views and direct policy influence
- Managed digital community platforms connecting isolated patients across Australia and New Zealand geographic barriers
- Worked with international team for impact measurement frameworks tracking patient experience and community connections
- Built international collaboration networks expanding patient support and shared learning opportunities

Concurrent Role: Te Pou Contractor - Meaningful Mahi Workforce Development Campaign
• Facilitated inclusive engagement strategy connecting 50+ disability care providers through monthly focus groups
• Co-designed culturally responsive recruitment approaches with Ministry for Disabled People-Whaikaha

Chief Executive Officer | Rare Disorders New Zealand (RDNZ)

2019 - 2022

National patient engagement and advocacy leadership for 300,000+ New Zealanders living with rare conditions. Transformed organisational culture and engagement strategy, creating unified patient voice that achieved unprecedented government recognition and policy commitment.

Previously Relationship Manager (2017-2019)

Transformational Results: Patient network growth from 50 to 150+ groups • 300,000+ New Zealanders impacted • First NZ Rare Disorders Strategy secured • 80+ MPs engaged

Community Engagement & Network Building

- **Transformational Growth:** Expanded patient organisation network from 50 to current 150+ groups through innovative engagement strategies
- **Culture Change Leadership:** Redesigned organisational culture prioritising patient voice and collaborative decision-making
- **Digital Innovation:** Created online community platforms connecting geographically dispersed rare disease communities
- **Inclusive Leadership:** Implemented cultural competency frameworks ensuring Te Ao Māori perspectives shaped all advocacy initiatives

Strategic Policy Engagement

- **Historic Achievement:** Secured ministerial commitment to develop New Zealand's first Strategy for Rare Disorders
- **Government Relations:** Positioned RDNZ as trusted partner with Ministry of Health, PHARMAC, and ministerial offices
- **Parliamentary Engagement:** Led patient voice in briefings reaching 80+ MPs
- **Cross-Sector Collaboration:** Facilitated relationships between patient communities, clinical workforce, research sector, and pharmaceutical industry

International Recognition & Impact

- **United Nations Speaker:** Presented patient-centered rare disease equity solutions alongside Helen Clark and Ukraine Permanent Ambassador (2022)
- **Regional Leadership:** Board Secretary, Asia Pacific Alliance of Patient Organisations (APARDO)
- **Global Recognition:** Nominated for American Global Genes Champion of Hope International Award
- **Media Strategy:** High-profile interviews with Kathryn Ryan (RNZ) and Rachel Smalley, elevating patient voices nationally

Service Manager | Emerge Aotearoa

2015 - 2017
